

WARRINGA PARK SCHOOL STATEMENT OF VALUES AND SCHOOL PHILOSOPHY POLICY

PURPOSE

The purpose of this policy is to outline the values of our school community and explain the vision, purpose statement and objectives of our school.

POLICY

Warringa Park School is committed to providing a safe, supportive and inclusive environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

Warringa Park School promotes and values excellence in education for students with additional learning needs. There is collective efficacy amongst teaching staff that all students in our school can learn and want to learn and by working together we can make a difference to their learning achievements.

The school provides a balanced and personalised curriculum where improved learning outcomes in communication, English and Mathematics are seen as integral to the achievement of successful post school options. The learning growth of students from foundation to year 10 is charted using the Victorian Curriculum and ABLES, and our year 11 and 12 students undertake either a VCAL or ASDAN certification.

In all documents, in all practices by students and teachers, in work with the School Council and the community, in all teaching and learning programs, in all school initiatives, in all internal and external interactions, in all organisational structures and practices the vision and values of the school will be placed at the centre and there will be expectations about all work aligning with the school's vision and values. Regular evaluation processes will be in place to measure performance in all areas of the school with respect to the implementation of the vision and values of the school.

The process at our school can be represented as the vision, values and beliefs at the centre. In an outer ring there will be a set of principles. As a further outer ring will be a set of practices. A detailed list of school policies will sit within this framework.

The programs and teaching at Warringa Park School support and promote the principles and practice of Australian democracy, including a commitment to:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

This policy outlines our school's vision, purpose statement, objective, values and expectations of our school community.

This policy is available on our school website, our Staff Handbook and Learning Centre Booklets.

To celebrate and embed our Statement of Values and Philosophy in our school community, we:

- display posters and banners that promote our values in our school
- celebrate our values in our school newsletter
- provide awards and recognition for students who actively demonstrate our values
- discuss our values with students in the classroom, meetings and assemblies.
